Letter of confirmation

The Henry Dunant Centre for Humanitarian Dialogue (HD), a non-governmental foundation based in Geneva, Switzerland hereby confirms that Dr Yevhenii Yakovliev supported our activities in Ukraine in 2019.

Dr Yakovliev conducted his assessments of mines flooding in Donbas region, both GCAs and NGCAs. His conclusions were taken by HD Centre to raise awareness among relevant actors and facilitate several consultative meetings in different dialogue formats within general framework of Minsk peace process.

Yours sincerely,

David Gorman
